November 6, 2018

LOS ANGELES, Nov. 06, 2018 (GLOBE NEWSWIRE) -- Second Sight Medical Products, Inc. (NASDAQ:EYES) ("Second Sight" or the "Company"), a developer, manufacturer and marketer of implantable visual prosthetics that are intended to create an artificial form of useful vision for blind individuals, today announced that the Centers for Medicare & Medicaid Services (CMS) has finalized its Medicare hospital outpatient payment rate of \$152,500 for the Argus[®] II Retinal Prosthesis System (Argus II) and the associated surgical implantation procedure for calendar year 2019.

"We are delighted to have received CMS' final 2019 outpatient payment rate, which provides Medicare patients continued access to our life changing technology. We are also happy to see the change in methodology that considers multiple years of historic data when setting a rate for a low volume device such as Argus. We believe this change will temper future year-to-year fluctuations in the reimbursement rate," said Will McGuire, President and Chief Executive Officer of Second Sight.
